

San Francisco Orchid Society Pacific Orchid Exposition

2018 EXHIBITION SCHEDULE

RULES FOR EXHIBITORS

All rules described below will be strictly enforced in the interests of this show and fairness to its participants. Please review the following carefully:

For AOS and CSA judging, specific entry forms must be completed and left with the AOS and CSA clerks. Since this is an AOS-sanctioned show, all plants exhibited may be considered for AOS and CSA awards unless "NO AOS and CSA JUDGING" is written on the entry card or on the display. Plants may not be judged at a later date on the same inflorescence.

Entry cards must be completed for all plants entered in competition. The exhibitor is responsible for removing the bottom portion of the entry card and submitting it to the plant entry desk. If the bottom part of the entry card is NOT given to the plant entry desk, the plant will NOT be judged in competition. Simply placing an entry card on the plant alone is not sufficient. No more than three (3) plants can be entered in a single Class by any exhibitor.

Plants entered in show judging must have been cared for directly by the exhibitor for at least 6 months. Judges may decline to consider a plant if ownership is questioned. Plants incorrectly labeled or entered may be eliminated. To be considered as a specimen, an entry must be one clone, with all growths still connected by an intact rhizome (one individual plant). If a pot or mount contains more than one individual plant, which individual is entered for ribbon judging must be clearly indicated. If a plant is found to be infected or infested, it will be disqualified and isolated, and its exhibitor will be asked to remove it from the show.

Exhibitors will be issued badges and must wear them during take down on Sunday. All plants and items exhibited must remain on display throughout the show. Removal cannot begin until Sunday at 6:00 p.m. Only those with vendor or exhibitor badges will be permitted in the exhibit area after closing on Sunday to break down their exhibits and remove their plants.

The SFOS will provide 24-hour security guard services for the duration of the show. Every effort will be made to safeguard all items entered. However, exhibitors assume all risk and liability for their property.

CLASSIFICATION OF EXHIBITORS

NOVICE: An exhibitor who has won no more than six (6) trophies/awards (other than ribbons) at any AOS-sanctioned orchid show.

ADVANCED: An exhibitor who has won seven (7) trophies/awards (other than ribbons) but no more than twelve (12) trophies/awards at any AOS-sanctioned show.

COMMERCIAL/OPEN: Includes any of the following:

1. An exhibitor who has won more the twelve (12) trophies/awards (other than ribbons) at Any AOS sanctioned orchid show.
2. An exhibitor who grows and/or sells orchid plants or flowers as a business and earns over 50% of his/her income from such sales.
3. An exhibitor who buys space to sell orchid plants or flowers at more than two orchid events, shows, sales, benefits, farmers' markets, etc., in the 12 months prior to the date of this show. This does not include sales at orchid society monthly meetings.
4. A commercial grower is one who may be required to have a California Nursery License even if such a license has not been issued.

SCHEDULE OF CLASSES

CATEGORIES are the skill levels for registration: Novice, Advanced, and Commercial/Open

SECTIONS are the main alliances or group of orchids, and are signified with a number (Section 100 for Cattleya Alliance, Section 400 for Oncidium Alliance, etc.)

CLASSES are subdivisions within Sections, and are signified with a number (e.g. Class 103 for Cattleya Alliance: Red, Yellow, and Orange hybrids; Class 402 for Oncidium Alliance: Odontoglossum species, etc.)
